Canadian Foundation for Vascular Health

CFVH, philanthropic society, has established itself as a MISSION to develop and offer a specific cardiovascular rehabilitation program for PERIPHERAL ARTERIAL DISEASE (PAD) to all patients in need. The goal is to enable the 3 million Canadians aged 50 to 79 years with PAD, or having a propensity to develop the disease, to benefit from the program offered in all offices of physicians, rehabilitation institutes and fitness centers, by 2020. Actions will focus mainly on Canadian regions outside major university centers.
